

# GABRIEL QUATTRO ACTION

## 4 MOTOR ZERO GRAVITY

Welcome to a new level of luxury.

Crafted with precision and care the Aspire Gabriel Quattro Lift Recline Chair is designed to provide optimum comfort, support and relaxation for a luxurious seating experience like no other.

- **Shiatsu Roller Massage:** System focuses on the area from the lower thoracic to the sacral region of the back. Adjustable in intensity to meet personal comfort and relaxation preferences.
- **Integrated Footrest Extension:** Footrest extends as it raises to support the lower leg and heel zone, accommodating a wide range of users.
- **All-Day Battery Backup** ensures safety and user confidence during power outages.
- **Simple Lift/Recline Control:** Major movement functions are simple and straightforward to operate, with a single button press available for full recline and full lift.
- **Individualised Adjustment Controls:** With separate controls for headrest, back, lumbar and footrest, users can fine-tune their seating position to achieve optimal comfort.
- **Adjustable Headrest:** Headrest is fully adjustable to suit varying support needs whether reading, watching TV, relaxing or for extra support due to kyphosis.
- **Zero Gravity Positioning:** This position provides a sensation of weightlessness and helps alleviate compressive pressure in the lumbar spine area.
- **In-Seat Heating:** Adjustable seat heating for cosy warmth during the colder months and assistance with muscle tension relief.
- **Integrated USB A/C Charge Points:** Conveniently located within the armrest, to allow users to power their devices with ease.
- **User-Friendly Handset Buttons:** Large tactile buttons enhanced with colour back lighting assist users to easily identify and operate all the functions.
